

Pair of statistics panels (side displays) for 14 player per team showing the player number (from 0 to 99 programmable), fouls/penalties (4 indicator lights + 1 red) and personal score (from 0 to 99)

Functions displayed for each player (14 players per team):

Player number: [0-99], digits 15cm high.

Fouls/Penalties: [4 indicator lights + 1 red], diameter 3.2cm.

Points: [0-99], digits 14cm high.

Technical characteristics for both panels:

Dimensions and weight: 120x320x11.5cm, 86kg.

Distance and readability angle: 70m (230ft), 150 degrees.

No front protection cover required. Complies with DIN 18032-3 and UNI 9554 standards on "resistance to damage from balls". You save on the cost of a protective cover, visibility is completely preserved, and access to the scoreboard is easy.

F.I.B.A. approved It can be used together with other models for creating large scoreboards displaying various information

Shipping is cheap and fast. The scoreboard is especially designed to be taken apart into smaller modules that are easy to assemble. This allows it to be shipped via all major couriers at a low cost and with faster delivery times to all countries.

Easy to install. Technical instructions in 5 languages. Provided with bolts and brackets for wall mounting.

Supplied with serial cable 4m in length to connect to the main electronic scoreboard or to a Radio Receiver (art.265-20). See ACCESSORIES.

Robust container made from powder-coated aluminum. Front panel made from anti-glare polycarbonate.

Views are easily accessible from the front, built with high-quality, wide-angle SMD LEDs with an average life of 100,000 hours!

Control Console (not included). Controlled via the Control Console (see ACCESSORIES) of the electronic scoreboard above it.

Optional anti-moisture coating of the electronic boards, recommended for swimming-pool and ice-rink installations. Please specify this option when ordering..

Guarantee: 2 years
